## ABOUT US

# OUR MISSION

**Our mission is to provide a world-class education that empowers our students with the knowledge, skills, and values necessary to succeed in a rapidly changing world. We are committed to creating a supportive learning environment that fosters critical thinking, creativity, and innovation. Our faculty is dedicated to delivering high-quality instruction and conducting cutting-edge research that advances knowledge in their respective fields. Above all, we are committed to promoting social responsibility and ethical conduct among our students and graduates, and to contributing to the betterment of society through our teaching, research, and outreach activities.**

# OUR STRATEGY

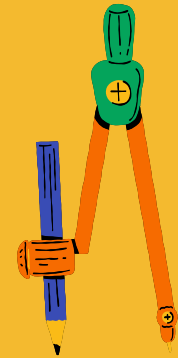

**At Learn With Sudheras, we are passionate about education and firmly believe that every child deserves access to high-quality learning. Our institute is built on the foundation of providing personalized attention to each student, so they can reach their full potential.**

**We achieve this through a variety of innovative teaching strategies that cater to diverse learning styles. Our experienced teachers use a combination of visual, auditory, and kinesthetic teaching methods to help students understand complex concepts and engage with the material.**

# OUR SUBJECTS

## MATHEMATICS

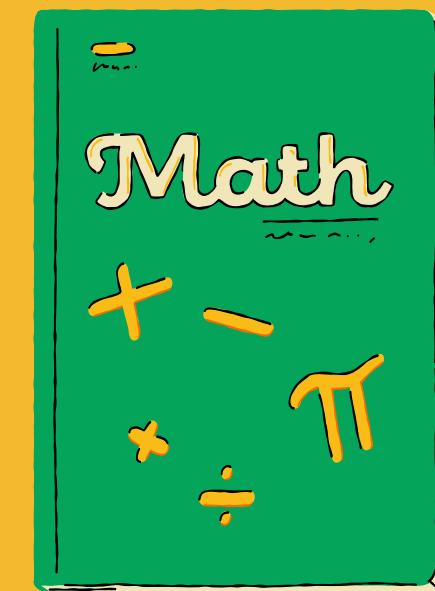

Mathematics is a core subject at Learn with Sudheras, and we offer comprehensive programs that cater to students of all ages and abilities. Our math curriculum covers a wide range of topics, including arithmetic, algebra, geometry, trigonometry, and calculus. We believe that a strong foundation in mathematics is essential for success in many fields, and we strive to help students develop the skills and confidence they need to excel in this subject. Our experienced math teachers use a variety of teaching methods and materials, including textbooks, interactive online resources, and hands-on activities, to make learning math engaging and enjoyable. We also offer specialized programs, such as abacus and Vedic math, that help students improve their mental math skills and speed. Whether students are struggling with math or looking to take their skills to the next level, we have a program that can meet their needs.

# OUR SUBJECTS

## VEDIC MATHS

Vedic Math is a unique and powerful system of mathematics that is taught at Learn with Sudheras. This system is based on ancient Indian mathematical principles and provides a fast and efficient way to solve complex math problems mentally. Our Vedic Math program covers a wide range of topics, including basic operations, algebraic equations, geometry, and calculus. Our experienced teachers use a variety of teaching methods, such as visualization techniques and memory aids, to help students understand and apply Vedic Math principles effectively. This program not only helps students improve their mental math skills but also enhances their overall math abilities, making them more confident and successful learners. Vedic Math is a valuable tool for students who are preparing for competitive exams or seeking to excel in math, and we are proud to offer this unique program at Learn with Sudheras.

# OUR SUBJECTS

## ABACUS

Abacus is a time-tested and effective tool for developing mental math skills and is taught at Learn with Sudheras as part of our comprehensive math program. Our abacus program is designed to help students of all ages and abilities improve their math abilities, including their calculation speed, accuracy, and problem-solving skills. Our experienced teachers use a variety of teaching methods and activities, such as visualizations, games, and exercises, to help students learn and master the abacus. This program not only helps students improve their mental math abilities, but also enhances their concentration, memory, and overall brain function. Abacus is a valuable tool for students who are seeking to excel in math, and we are proud to offer this unique program at Learn with Sudheras.

# OUR SUBJECTS

## ENGLISH

At Learn With Sudheras, we believe that English proficiency is an essential life skill that opens doors to a world of opportunities. Our English courses provide students with the tools and confidence they need to communicate effectively in English, whether it's for academic, professional, or personal purposes. We offer courses for all levels of English proficiency, from beginner to advanced. Our courses are customized to meet the needs of individual students, with personalized lesson plans and one-on-one attention from our teachers. Our English courses are taught by experienced and qualified teachers who are passionate about teaching English and dedicated to helping students achieve their language goals.

# OUR SUBJECTS

## SOCIAL STUDIES

**At Learn With Sudheras, we offer a range of courses that cater to the diverse learning needs of our students. Our social studies course is designed to provide students with a strong foundation in the subject. Our social studies courses cover a range of topics, including history, geography, economics, and civics. We use a variety of teaching methods, such as project-based learning, discussions, and multimedia resources, to help students understand complex social studies concepts.**

# OUR SUBJECTS

अ च ओ म ख ज

## HINDI

**At Learn with Sudheras, we also offer Hindi language classes for students who wish to learn or improve their skills in this important language. Our Hindi curriculum covers all aspects of the language, including grammar, vocabulary, reading, writing, and speaking. We use a variety of teaching methods and materials, including textbooks, audio and video recordings, and interactive activities to make learning Hindi engaging and enjoyable. Our experienced teachers are native Hindi speakers with a deep understanding of the language and culture, and they are dedicated to helping students achieve proficiency in Hindi.**

# OUR SUBJECTS

## SCIENCE

**Our science courses cover a range of topics, including biology, chemistry, physics, and environmental science. We believe that science education should be hands-on, and we provide students with experiential & activity-based learning with visual & animated simulation for better understanding, creating a scientific aptitude in children. Our science curriculum covers a wide range of topics, including physics, chemistry, biology, and earth sciences. Students learn about the scientific method and develop skills in observation, data collection, and analysis. Through hands-on experiments and projects, students gain a deeper understanding of scientific concepts and their real-world applications. Our experienced teachers use innovative teaching methods and technology to make science come alive in the classroom and inspire students to pursue further studies in science and technology.**

## BENEFITS OF ONLINE CLASSES

### Benefits of online classes:

- **Saves your time and money:** You need not go to any Institute/tuition class. Thereby, you save time as well as transportation costs. Online programs are always economical as compared to the fees charged at centers.
- **One child at a time:** You can get a dedicated trainer for your child who will focus on training your child only during the allotted time slot. Like home tuition for your child.
- **Reasonable fee**
- **Play way technique of teaching**
- **Training by Certified trainer**
- **And many more...**

# TESTIMONIALS

**The Vedic & Abacus classes are very helpful for kids. With the help of this, they are able to do calculations faster.**

**The techniques are helping them to avoid calculation mistakes**

**We sincerely appreciate your prompt response in providing individual attention. Your willingness to take interest & make quick involvement of Chinmay has helped him.**

**The Vedic math session was fruitful for my son, Shanthanu & I noticed you explained each & every concept clearly. Now he is building confidence in maths. Math tuition as well was very useful for him, he is getting better day by day**

# TESTIMONIALS

**I am really happy with the class. I really appreciate your way of teaching. My son has improved!**

**I am delighted with her cool way of teaching. She tries to clear the points till the student understands it. Moreover, she is very punctual & regular. Mohid enjoys classes with her**

**This is my pleasure to write about your teaching. My son is a little bit fast in doing Addition & Subtraction than before. I feel improvement within 3 weeks.**

# TESTIMONIALS

**The word problems that you taught me, I am good at them. There was a pop quiz that was graded & I got full marks. Thank you**

**My daughter is just 4, her classmates are still writing counting but with the help of these classes she is able to solve addition & subtraction involving many digits. She is doing wonderful & Sonia ma'am is guiding her amazingly.**

**"How are you working like this ma'am! Really superb! Taking maths classes, abacus next to next! Ma sha Allah!"**

# TESTIMONIALS

**It is delighted to share feedback for Sonia! As a parent it is a satisfaction that i have enrolled my son with them, so that my son who loves maths. Learning Abacus with her, he is playing on his fingers with abacus tool. Yes, everything needs practice and he is doing it with their online system which keeps student's performance on check. Good thing is that they believe in quality learning and not just in completion of the curriculum**

**I am satisfied with the way Sonia has been teaching my child. Her techniques are wonderful and she focuses on clearing all the concepts.**
